7.4 CSP, then to 11.8 Thanks for the answers, I was a little worried about the watchguard support, still am concerning the time it takes to get a response from them, but now after approximately 16 hours of setbacks, the machine is running as it is supposed to on 11.

00#WGO17259Our Price: \$11,995.00. WatchGuard® System Manager 8.x - For WSM 8.0 and higher. WSM Upgrade licenses increase the number of devices eligible for Drag and Drop VPN management and multi-box Edge management (Note: These licenses may be "stacked" with each other or with VPN Manager licenses to increase the total number of nodes under management)Well it finally got done, had to revert to a special upgrade 11.
